Overview

CLASS DESCRIPTION

In this one-day class, students learn the science, myths, archetypes, and applications for the four major asteroid goddesses, Ceres/Demeter, Pallas/Athena, Juno/Hera, and Vesta/Hestia. The importance of the four directional mandala and its correspondences with our senses as well as integration of the female roles of mother, daughter, sister and wife are discussed in-depth.

This is a fun class as you will see yourself in one or more of the Goddess Archetypes and learn how to create balance in yourself. Applications for all genders are included for the animus and anima in all of us and how we function in the modern world.

The journey toward integration of these facets of yin for all genders culminates with a practicum to create wholeness for our shattered yin using a sound-based mandala which is created with the Acutonics Goddess Asteroid tuning forks. The practicum protocol can be used for any applicable client, friend or family member after the class.

As a student, you'll get a few great benefits from being here:

- The tools and knowledge to help integrate all those roles we have to balance in life: mother, daughter, sister, wife/partner
- A simple method to fuse those parts of ourselves that need balance: our thinking, our emotions, our intuition and our senses.
- Address the shattered yin or feminine psyche during those times when events or relationships seem to tear apart our sense of wholeness. When the client or you are just shattered inside. Or when political and global events seem to be shattering the wholeness of collective feminine energy.
- A chance to take this class without tons of pre-requisites....you just have to have Level I and be interested!

- Completion of this one-day Goddess Asteroid class gives you credit toward completing the Acutonics Level IV class.
- If you ever take the one-day Nibiru class and one-day Interplanetary Intervals class, you have completed Level IV Acutonics! You can do this over time in these small doses and give your finances a break!
- A chance to learn a Distance Acutonics technique to expand your offerings.
- Receive the session from a student partner for your own integrated psyche.
