OVERVIEW

CLASS DESCRIPTION

This one-one day class extends your Acutonics training from the use of Ohm as the fundamental/base tone to using two planetary tuning forks together. Planetary tuning forks learned in Levels I and III are now used to create openings and portals as well as to move energy quickly and overcome blockages. Specifically, the commonly used combinations of planetary tuning forks that make the 5th interval and a microtone.

If you haven't taken Level III, you can still take this one-day class. You will receive the handouts with planetary tuning fork actions & correspondences for reference. If you took Level III, well that is great!

The Acutonics planetary tuning forks are now paired with each other for increased sound healing options and capabilities. New planetary fork intervals with Nibiru are discussed along with their applications. Expanded combinations with Pluto, Neptune, Uranus, Saturn, Jupiter, Chiron, Mars, Venus, Mercury, New Moon, Full Moon, Sun and Earthday are discussed with their applications.

This class expands your knowledge of the Acutonics Planetary Tuning Forks, unique harmonics, parallel fifths, and the seeds of transformation that reside in every session. By taking an in-depth look at the archetypes, and associated intervals of each planetary tone and its impact on the physical, emotional, and spiritual body, practitioners will explore the personality, diagnostics, and applications that unfold with the harmonic intervals in the Acutonics Healing System.

Students will have the opportunity to practice with the newly introduced intervals. If you don't have a set of planetary tuning forks, you may rent them for the class or purchase them at a 10% discount.

As a student, you'll get a few great benefits from taking this course:

- Introduction to the powerful changes pairing two planetary tuning forks together can produce. This means pairing two of the colored tuning forks without an ohm fork.
- The action of 14 planet-with-planet tuning forks intervals that make a musical 5th.
- Relevance and therapeutic applications of planetary intervals that make a musical 5th.
- Introduction to the concept and advantages of inverting planet tuning forks (musical inversions). In short, pairing a low planet fork with a mid fork (mixing octaves to get a 5th).
- All the inversion actions and applications for 6 commonly used planetary paired intervals.
- Introduction to the concept & advantages of healing with microtones and 2nds.
- The action of 9 commonly used microtones and 2nds and their healing applications.
- A practicum opportunity to use the planetary intervals learned in class along with your Level I tools to give and receive a mini-session.
- Students plan a session for yourself in the practicum with supervision using two extraordinary vessels and the planetary intervals.
- The opportunity to learn, give & receive your planned session via Distance Acutonics with holographic sound techniques.
- Options for the practicum for those who are in an international time zone or who don't have planetary tuning forks
- Rent or discount purchase any tuning forks for the class.
- Handouts for planet tuning fork actions and correspondences from Level III Acutonics so you do not need that class as pre-requisite.
- Completion of this one-day Goddess Asteroid class gives you credit toward completing the Acutonics Level IV class.

- If you ever take the one-day Nibiru class and 1-day Asteroid Goddess class, you have completed Level IV Acutonics! You can do this over time in these small doses and give your finances a break!

MINIMUM REQUIREMENTS (not a lot)

PRE-REQUISITES: Acutonics Level I & II. (if you have taken Nibiru 1-day class that is great but is not required). If you have taken Level III that is great too!

TUITION: \$150 early bird by May 8, 2025, \$175 after early bird deadline

PRACTICUM TOOLS to Rent or Purchase at 10% discount:

Planetary tuning fork set

1. Planetary tuning fork mid octave tuning fork set with or without mars/venus (if you have mid mars/ venus, you just need the “without” set).

2. You may substitute low planetary forks for mid octave if that is what you have.
 3. Planet forks are: Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune, Pluto (8 forks)
 4. There are some intervals presented that use mid Chiron or mid Nibiru.
 5. You may rent or purchase any planet individual tuning forks you do not have, such as, Chiron or Nibiru.
 6. You may take this class for the theory and opt out of the practicum if you do not have the tuning forks. You are not required to buy tuning forks for the class. To receive full credit for the class you can plan a mini-session with the new tuning forks and submit that plan orally or in written form.
2. Assumes you have Level I tuning forks (6 fork set of zodiac, new moon, full moon, earth day, and 2 ohm forks). These forks are paired with planet forks in this class.
 3. This class does not include any intervals for Sedna or Hygiea tuning forks. Those intervals are contained within the Sedna & Hygiea classes respectively.

How to Get the Most Out of This Class

Participate in the Practicum

OPTIONS

FULL TOOL PARTICIPATION OPTION

- RENT OR PURCHASE THE TOOLS IN ADVANCE at discount
- Email the teacher for rental or single tuning fork purchases: mary@dfwacutronics.com
- 10% off the purchase of any tuning forks needed for class Mid planet set without Mars/Venus: <https://dfwacutronics.com/product/planetary-mid-octave-tuning-forks-wo-mars-venus/>

Mid planet set with mars/Venus: <https://dfwacutronics.com/product/planetary-mid-octave-tuning-forks-w-mars-venus-8/>
- Rental: rent the mid planetary tuning fork sets

- 8 FORK MID PLANETARY FORK SET ((Deposit: \$362.50, Cost after return: \$54.38))
- 6 FORK MID PLANET SET WITHOUT MARS/VENUS (Rental deposit : \$277.50 plus s&h. Cost after return: \$41.63 plus mailing (refunded \$235.88))

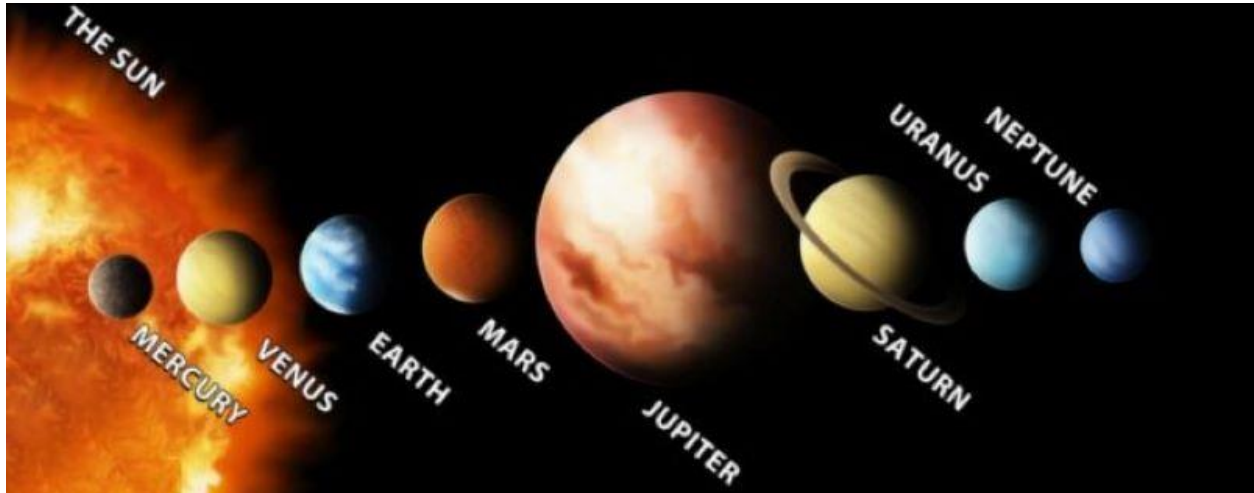

THEORETICAL PARTICIPATON OPTION

- Develop a mini-session Acutonics plan for yourself using the information in class during the practicum. Orally present your plan to the class with rationale.

“GIVER” OPTION:

- Develop a mini-session strategy using the new intervals and give this to a home volunteer while in a zoom breakout room during practicum.
- Develop the plan for a volunteer and video tape the session, along with your rationale, and send the video to the teacher with a google drive link
- Disadvantage is that you do not receive the energy of the planetary intervals to feel what that is like.

HOW TO MAXIMIZE YOUR EXPERIENCE

- If you have not taken Level III Acutonics, look over the handouts in this class that are provided for each planet fork action handouts are from Level III)
- Make notes on which intervals resonate with your needs during the class for choosing during the practicum
- Have earphones or earbuds for a harmonic sound closing that will include all the planetary sounds
- If participating in the practicum, have a quiet place to give and receive your sessions without interruption and within camera range of sight.
